**Sterling High School's  
Special Education Parent Advisory Committee (SEPAC)**

Can you believe we are almost in March?! I know we are all looking forward to warmer weather.

Our next SEPAC meeting is on **Wednesday, March 13 at 6 pm** in the Media Center. The Assistant Director of the Academic Success Center and Disabilities Resources at Rowan University, Mr. Lee Plenn, will be presenting on **College Transition for Students with Disabilities**. Whether your child is a Senior or a Freshman, whether you have or haven't begun to think about college, whether you don't know if college is even an option for your child because of his/her disability, I invite you to attend with an open mind and bring your child along. It's never too early to start thinking about college. Mr. Plenn will be sharing statistics regarding the number of student with disabilities on college campuses. This presentation and discussion will open the door for you to talk about post-high school planning with your child. Although our presenter is from Rowan University, the program will not focus on anything specific to attending Rowan.

This meeting is open to the community. Please feel free to share with your other high school parent/friends or family. Please e-mail me or call me by Monday, March 11 to RSVP so I know how many copies of the handouts to prepare. Pizza and other light refreshments will be served.

I look forward to partnering with you for this informative evening.

Thank you,

Debra Sukinik  
Supervisor of Special Services  
856-566-4180
